Safer Families Workshop

- Family Violence can happen in any family, yet the problem is often overlooked, excused, or denied with pretexts of religion or culture. Violence can take many forms including: physical, sexual, emotional, verbal, and financial.
- Detecting and accepting the sign of an abusive relationship is the first step to ending it.
- MSS is presenting a 'Safer Families' workshop series focusing on bringing about awareness to the community to enhance and create a better understanding about concerns regarding Family Violence.
- **Come and participate to increase your knowledge around this sensitive issue.**

- MSS is bringing about a team of speakers from several backgrounds to educate, provide resources, and clear misconceptions about Domestic Violence.
- Imam Abdul Raouf Kabbar will give an Islamic perspective of the issue in comparison to the Qur'an and ahadith.
