REVIEW ENGAGEMENT REPORT

To The board of directors of Muslim Social Services Kitchener Waterloo

I have reviewed the statement of financial position of **Muslim Social Services Kitchener Waterloo** as at **December 31, 2014** and the statements of revenue and expenditures, changes in net assets and cash flows for the year then ended. My review was made in accordance with Canadian generally accepted standards for review engagements and, accordingly, consisted primarily of inquiry, analytical procedures and discussion related to information supplied to me by the organization.

A review does not constitute an audit and consequently I do not express an audit opinion on these financial statements.

In common with many non-profit organizations, the organization derives revenue from donations and various fundraising activities the completeness of which is not susceptible of satisfactory review analysis. Accordingly, my analysis of these revenues was limited to the amounts recorded in the records of the organization and I was not able to determine whether any adjustments might be necessary to donation revenue, excess of revenue over expenditures, assets and net assets.

Based on my review, except for the effects of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of donations and fund raising revenue, as referred to in the preceding paragraph, nothing has come to my attention that causes me to believe that these financial statements are not, in all material respects, in accordance with Canadian accounting standards for not-for-profit organizations.

I draw attention to note 3 to the financial statements which describes that **Muslim Social Services Kitchener Waterloo** adopted Canadian accounting standards for not-for-profit organizations on January 1, 2014 with a transition date of January 1, 2013. These standards were applied retrospectively by management to the comparative information in these financial statements, including the statement of financial position as at December 31, 2013 and January 1, 2013, and the statements of revenues and expenditures, fund balances and cash flows for the year ended December 31, 2014 and related disclosures. I was not engaged to report on the restated comparative information, and as such, it is neither audited nor reviewed.

MUSLIM SOCIAL SERVICES KITCHENER WATERLOO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

(Unaudited)

1. NATURE OF BUSINESS

Muslim Social Services Kitchener-Waterloo (the "Charity") is a charitable organization and a registered charity under the Income Tax Act(Canada).The Charity's income is not taxable and the Charity is eligible to issue official income tax receipts for charitable donations. The Charity provides culturally and spiritually sensitive humanitarian and social services to the Muslims and non-Muslims communities of the Waterloo Region.

2. SIGNIFICANT ACCOUNTING POLICIES

The Charity's financial statements were prepared by management in accordance with Part III of the Chartered Professional Accountants of Canada "CPA" Accounting Handbook - Accounting Standards for Not-for-Profit organizations (ASNPO), which sets out generally accepted accounting principles for Not-for-Profit organizations in Canada "GAAP" and include the significant accounting policies described hereafter.

Significant accounting policies are summarized as follows:

(a) Cash and cash equivalents

Bank balances, including bank indebtedness with balances that fluctuate from positive to overdrawn, are presented under cash and cash equivalents. Cash equivalents include highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value. An investment normally qualifies as a cash equivalent when it has a short maturity of approximately three months or less from the date of acquisition.

(b) Property and equipment

Property and equipment are valued at cost. Amortization is calculated on the diminishing balance method at the following annual rates:

Computer equipment	30%
--------------------	-----

(c) Revenue recognition

The Charity follows deferral method of accounting for its contributions.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. External restricted contributions are recognized as revenue in the year in which the related expenses are recognized.

Core funding grants from government and other institutions are recorded as revenue as the services are rendered.

(d) Contributed goods and services

Contributed goods are recorded at fair market value at the date of contribution. The value of services provided by the Charity's many volunteers are not reflected in these financial statements due to difficulty in determining the fair value of the services.

(e) Financial instruments

Financial instruments are recorded at fair value on initial recognition and measured at fair value. All other financial instruments are subsequently measured at cost or amortized cost, unless management has elected to carry the instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method (or effective interest rate method).

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Charity determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the company expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

The Charity's financial instruments consist of cash, accounts receivable, prepaid expenses and accounts payable. Cash and bank indebtedness are measured at fair value and all other financial instruments are measured at amortized cost.

(f) Impairment of property and equipment

Property and equipment subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. Impairment is assessed by comparing the carrying amount of an asset to be held and used with the total of the undiscounted cash flows expected from its use and disposition. If the asset is impaired, the impairment loss to be recognized is measured by the amount by which the carrying amount of the asset exceeds its fair value, generally determined on a discounted cash flow basis. Any impairment results in a writedown of the asset and a charge to income during the year. An impairment loss is not reversed if the fair value of the related long-lived asset subsequently increases.

(g) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the carrying amount of property and equipment, valuation of accounts receivable. Actual results could differ from those estimates.

3. FIRST TIME ADOPTION OF ACCOUNTING STANDARDS FOR NOT FOR PROFIT ORGANIZATIONS

These statements are the Charity's first financial statements prepared using ASNPO. The date of transition to ASNPO is January 1, 2013. The accounting policies presented in Note 2 to the financial statements were used to prepare the financial statements for the year ended December 31, 2014, the comparative information and the opening statement of financial position as at the date of transition.

The adoption of ASNPO did not result in any adjustments to the previously reported assets, liabilities, net assets, excess of revenue over expenditures and statement of cash flows of the Charity.

As a result, the reconciliation and disclosures required by Section 1501 First-time adoption, for the net assets at the transition date, the comparative period statement of operations and the statement of changes in cash flows are not necessary and have not been presented in these financial statements notes.
